What is Head Start?

Head Start is a developmentally appropriate preschool program for children three through five years of age. It is a federally funded program operated by the Sabine Parish School Board. The program serves children from low-income families and children with disabilities.

Children in our program are provided screenings which include a physical, dental, vision, hearing, speech, and developmental. These screenings help identify potential areas of concern so that a child can receive follow-up treatment to meet their needs. Children are also provided a nutritious breakfast and lunch at Head Start center.

Each local Head Start center is equipped with a variety of equipment and supplies to allow the child the opportunity to explore and grow in a developmentally appropriate way. Each class has well-trained staff which includes a teacher and an assistant. The classroom is divided into many different learning centers which include: housekeeping, manipulatives, blocks, science, library, or a quiet area just to name a few.

Head Start is not just for the child. It is here for the family, too. Head Start offers training for parents, parent meetings, and social services to meet the individual family needs as well as many other services. Family involvement is encouraged as volunteers in and out of the classroom. Parents are invited to attend activities and field trips with the child.

To be considered age eligible, a child must be three years old by September 30 for the year in which the application is made. Parents need to bring proof of income which may be a W-2 form, 1040 tax form, a pay check stub, or proof of AFDC. A copy of the child’s birth certificate, shot record, social security card, and child’s medical card is also needed. If a child has a disability, documentation from a professional stating the disability must be supplied. If you have any questions, please contact the local Preschool Center in Many, phone number: (318) 256-6143.

G.E.D. & Literacy Adult Education

Type of services: HiSet daytime classes at Louisiana Technical College and daytime program.
Project Learners-Adults who need to prepare for ACT, PRAXIS, and GRE.

Day time program:
7:00 a.m. – 3:30 p.m. at Louisiana Technical College-Sabine Valley Campus in Many, LA. (12 month program)

Students may receive training at CLTCC-SVC and may enroll in the HiSet Program at the same time.

Additional program:
In-school HiSet alternative program is offered in the parish to students who are considered over age and at risk of dropping out of school.

Test Administration
To qualify for the HiSet test, an individual shall be 16 years or above. Individuals between 17-18 years of age or 16 years of age with an approved age waiver may qualify for the HiSet test by taking the Official half-length HiSet Practice test and scoring a minimum of adequately prepared on each part. Qualifying scores on the Official half-length HiSet Practice test shall be certified by state-approved adult education site of instruction at Louisiana Technical College—Sabine Valley Campus.

Persons 19 years and older may register online at www.hiset.ets.org, with no instructions to test. However, this is not recommended by staff. You must register online an pay all fees online. Sabine Parish School Board- HiSet Classes
Cont’d

Testing Fees:
There shall be a standard, statewide-testing fee of $90 for initial testing.

Individuals may test a total of three (3) times during the year from the purchase date of test with at least 30 days between testing dates.

More testing dates available on the HiSet website or call 318-256-0704

Education

Type of Services: Evaluation for Developmental/Educational Disabilities

Pupil Appraisal Services:

Pupil Appraisal services are an integral part of the total instructional program of a school system. The purpose of pupil appraisal services is to assist students who have learning problems, adjustment problems, or other special needs by providing services to students, parents, teachers, and other school personnel including:

1. Assistance to teachers in the development and implementation of behavioral and/or instructional interventions

2. Evaluation of students to determine need for special services, such as special education.

3. Consultation with parents, teachers, and other personnel on topics such as instructional or behavioral modifications, exceptional students, and student development.

4. Training of school personnel on selected topics.

5. Interpretation of evaluation findings to school personnel and parents.

6. Direct support services to students with learning or behavior problems.

7. Related services to exceptional students.
PUPIL APPRAISAL SERVICES

Pupil appraisal personnel are not limited to providing services solely to students referred for an individual evaluation. Many students experiencing learning problems can be helped through pupil appraisal support services in the regular classroom, enabling the student to benefit from the regular instructional program and eliminating the need for special education. Major goals of pupil appraisal personnel are to be child advocates and to assist students to remain in and profit from the regular educational program whenever possible. When a student, as a result of an individual evaluation, qualifies for special education, pupil appraisal personnel will provide recommendations for the types of services needed to assist the teachers and parents of the student in providing an appropriate special education program.

PO Box 1079
Many, LA 71449

318-256-9228 ext. 229
318-256-5874 (FAX)

PALS (Positive Alternatives for Learning Success) is an after-school and summer program hosted by Sabine Parish Schools and located in, Ebarb, Florien, Many Junior High, and Pleasant Hill. PALS operates from 3:00 pm-5:00 pm Monday -Thursday during the school year and offers a summer program during the month of June. PALS offers students a safe, respecting and caring environment, academic assistance, enrichment activities and recreational activities for students and families. Staff to student ratio is 1:15. Along with academic and enriching activities, students receive snacks in the afternoon and breakfast and lunch during the summer programs. While there is no cost for attending, parents are asked to volunteer time in lieu of an activity fee. Parents may pick up an enrollment form from any school office where PALS is located or ask for the PALS Lead Teacher at their child’s school.

Shelly Lewis-Rivers, Coordinator of Student Support Services

*PALS is on a first come first serve basis so be sure and pick up an application from your school.
The Department of Health and Hospitals works to protect and promote health and to ensure access to medical, preventive, and rehabilitative services for all Louisianans. Services include:

**Medicaid**

Louisiana's Medicaid Program provides medical coverage for needy Louisiana residents who qualify. Individuals who receive SUPPLEMENTAL SECURITY INCOME (SSI) from the Social Security Administration (SSA) automatically get Medicaid. Families who get help from the Department of Children and Family Services (DCFS) through the FAMILY INDEPENDENCE TEMPORARY ASSISTANCE PROGRAM (FITAP) also get Medicaid. There are several subcategories for the Medicaid program, to ensure eligibility apply either online at [www.dhh.louisiana.gov](http://www.dhh.louisiana.gov) or visit your local Neighborhood Place office.

Some of the most common programs offered under Medicaid

**LaCHIP** - Low-cost or no-cost health care plans for uninsured children up to age 19.

**LaMOMS** - A program offered for pregnant women to ensure they have proper prenatal care for the duration of their pregnancy.

**Take Charge Family Planning** - A program that helps women avoid unplanned pregnancy.

**Medicaid Purchase Plan** - A state-sponsored Medicaid expansion program to provide Medicaid benefits to disabled low-income Louisiana residents who are currently working.

**Medicare Savings Programs** - Helps pay monthly Medicare premiums and copes/deductibles.

Medicaid offers a transportation service. To see if you qualify please call **1-800-259-7235**.

(Medicaid Accepted)
The Supplemental Nutrition Assistance Program (SNAP) provides monthly benefits that help eligible low-income households buy the food they need for good health. For most households, SNAP funds account for only a portion of their food budgets; they must also use their own funds to buy enough food to last throughout the month. Eligible households can receive food assistance through regular SNAP or through the Louisiana Combined Application Project (LaCAP).

For more information on SNAP benefits please visit your local Neighborhood Place location or apply online at www.dss.louisiana.gov/.

**Child Care Assistance**

**Child Care Assistance Program (CCAP)**

The Child Care Assistance Program helps low-income families to pay for child care while working or attending school or training. Monthly payments are based on the number of hours the parents work or attend school or training, as well as the amount charged by the child care provider, family size and household income. Parents can select any Class A child care center, school-based before and after school program, licensed child care center determined by the Department of Defense, registered Family Child Day Care Home, or In-Home provider that is active in the CCAP provider directory.
Do I Qualify for Child Care Assistance?

Are you responsible for paying child care costs for a child under 13, or a disabled child under 18, who lives with you?

Do you, your spouse, and any other parents of children who live in your home, work or attend an educational or training program? If not participating in one or a combination of these activities, do these persons receive disability income?

Is your household's monthly gross earned income (before any deductions from paycheck) and unearned income less than the amount listed below for your household size?

- 2 persons - $2557
- 3 persons - $3158
- 4 persons - $3760
- 5 persons - $4362
- 6 persons - $4964
- 7 persons - $5076
- 8 persons - $5189
- 9 persons - $5302
- 10 persons - $5404
- 11 persons - $5506
- 12 persons - $5608
- 13 persons - $5710
- 14 persons - $5812
- 15 persons - $5914
- 16 persons - $6016
- 17 persons - $6118
- 18 persons - $6220

If you answered YES to all of the above questions, you may be eligible for child care assistance.

How and Where Do I Apply?

You may apply for Childcare Assistance in your local Neighborhood Place Office or by visiting www.dss.louisiana.gov/.

Where do I find a certified provider?

FINS (Families in Need of Services)
A Program administered by the 11th Judicial District Court, Hon. Stephen B. Beasley.

CONTACT: FINS In-Take Officer:

Harry Babers
P. O. Box 320
Zwolle, LA 71486-0320
318.645.4649 (office) * 318.645.2994 (fax)
318.286.5171 (cell) * harrybabers@yahoo.com

Families in Need of Services (FINS), a legislatively created type of juvenile court proceeding. In addition to formal court procedures, an informal process was added in which the court, through a court-appointed intake officer, facilitates the establishment of a voluntary family services plan between the family and the providers of needed services. The Families in Need of Services [FINS] process is designed to permit the juvenile court to return to its original role of coordinating community resources to assist and reinforce the family in an effort to prevent delinquency and family disintegration. FINS goals are to reduce formal juvenile court involvement while generating appropriate community services to benefit the child and improve family relations.

How Does FINS Work?

- Submit a written complaint to the FINS program alleging a family is in need of services or contacting the FINS In-Take Officer listed above. Anyone may file a complaint. Most common, however, law enforcement, school officials and parents make referrals. The complaint must allege at least one of the grounds listed.
- Grounds for such a complaint include the following:
  1. Child is truant or has willfully and repeatedly violated lawful school rules
  2. Child is ungovernable
  3. Child is a runaway
  4. Child repeatedly possessed or consumed intoxicating beverages, or that he has misrepresented or deceived his age for the purpose of purchasing or receiving such beverages from any person, or has repeatedly loitered around any place where such beverages are the principal commodities sold or handled.
  5. Child committed an offense applicable only to children. [Smoking/purchasing tobacco]
  6. Child under 10 years of age committed any act which if committed by an adult would be a crime under any federal, state, or local law.
  7. Caretaker has caused, encouraged, or contributed to the child’s behavior under this Article or to the commission of delinquent acts by minor.
  8. After notice, caretaker willfully failed to attend meeting with child’s teacher, school principal, or other appropriate school employee to discuss child’s truancy, the child’s repeated violation of school rules, or other serious educational problems of the child
9. Child found incompetent to proceed with a delinquency matter
10. Child found in possession of handgun or semiautomatic handgun under circumstances that reasonably tend to exclude any lawful purpose.

- **Complaint Filed** - Family meets with FINS Intake Officer who conducts an initial interview, often referred to as an Informal Family Conference or Mandatory Conference. Child is asked to complete an assessment to help identify behavioral, substance abuse, mental health and other problems.

- **Family completes an Informal Family Service Plan Agreement (IFSPA)**, including among others, the identification of the conduct of the child, caretaker, or any other family member causing serious harm to the child and the services needed by that individual to reduce or eliminate the problems within the family unit. The IFSPA also includes a description of the services which are needed, the availability of services, and a plan for ensuring that any such services that are available are secured and delivered. The duration of the initial IFSPA is six months, with a maximum duration of 12 months. The family is expected to cooperate with efforts to resolve its problems as recommended by FINS.

- **Non-compliance.** If recommendations are not followed, FINS may refer the family to court, a FINS conference, and/or a hearing before a judge. If a hearing should happen, each and every member of the family shall be subject to the jurisdiction of the court.

**Article 730 Grounds:** Allegations that a family in need of services must meet one of the following:

- That a child is truant or has willfully violated school rules.
- That a child is ungovernable. Explain:__________________________________________________________

- That a child has repeatedly possessed or consumed intoxicating beverages, or that he/she has misrepresented his/her age for the purpose of purchasing such beverages from any person, or has repeatedly loitered around any place where such beverages are the principal commodities sold or handled.

- That a child has committed an offense applicable only to children.

- That a child under the age of ten years, committed an act which if committed by an adult would be a crime under any federal, state or local law.

- That a caretaker has caused, encouraged or contributed to the child’s behavior enumerated in Article 730, or to the commission of delinquent acts as defined in Title VII. Explain: _____________________________

- That after notice, a caretaker has willfully failed to attend a meeting with the child’s teacher, principal or other appropriate school employee to discuss the child’s truancy, repeated violations of school rules, or other serious educational problems of the child.

- That a child is found in possession of a handgun or semiautomatic handgun under circumstances that reasonably tend to exclude any lawful purpose.

37
The Department of Children and Family Services Child Welfare Program has three basic services which work with families to identify and address problems of abuse/neglect, while promoting the safety of children.

These programs are:

- **Child Protection Investigation** - Investigation of child abuse and neglect and provision of short term concrete services to children and families.

- **Family Services** - Family Services are social services, which are provided to families and children in their own homes in order to address problems of abuse/neglect and promote the safety of the children within the family unit.

- **Alternative Response Family Assessment** - The family assessment is an alternative response to an investigation of a report of child abuse/neglect. It is a safety focused family centered and strength-based approach to addressing reports. A family assessment is completed to determine the safety of the child, the risk of future abuse/neglect, to identify the family needs and strengths, provide direct services as needed and/or connect the family to resources in the community.
