Dear Parents,

We encourage teachers to allow students to use the vast resources available on the Internet to enhance lessons. Although the Sabine Parish School Board has implemented a filtering system to prevent objectionable material from being accessed, there are no absolute guarantees. For this reason we require teachers to supervise students that access the Internet. Your signature above indicates you have given your permission for your child to access the Internet.

Our school is using the school Internet web page to post announcements and activities that may include pictures of students. Our school would like to highlight the achievements of students by placing pictures of students who are involved in various classroom and school activities that may occur during the school year. We are requesting your permission to include picture of your child and first name in the school Internet web pages. Only the first name will be used to identify your child's picture. Please indicate if you do or do not wish to have your child's picture and first name on the school Internet home page below.
